

2024 Medical Team Supplies and Medications

The following pages will list the medications, STAT Kit, First Aid Kit, and PPE supplies that will be available to our Medical Clinic teams in 2024.

1. Pharmacy Formulary
2. Ultrasound Trunk (if your team is bringing an imaging specialist)
3. STAT Kit
- 4 First Aid Kit
5. PPE for Teams (Medical Clinic teams)

Faith In Practice Notes

We ask that our teams adhere to providing 90 days of the medications prescribed, which in most cases is the unit packaged in the pharmacy trunks. In-country staff can assist in helping you know how to orient the patient for what to do after 90 days to continue to fill their prescription if the need is ongoing, please work with them to talk about the most appropriate thing to do culturally and for sustainability.

Ultrasound: If you would like to utilize the ultrasound machine, please let us know. We ask that the ultrasound machine be used by an experienced professional in this area of work.

Ultrasound Trunk

Starting in 2023, we will send an ultrasound trunk out with our medical clinic teams that bring a sonographer/radiologist and/or a trained physician who will properly use the equipment. The items listed in this tab will be in a designated Ultrasound Trunk.

Some items for room setup will be made available and vary from clinic site to clinic site.

If your team plans to bring a trained physician who is trained in using an ultrasound, please let your staff contact know so that we can send the ultrasound trunk out with your mission week.
